COMMENTS FROM THE TOWN MANAGER'S OFFICE

There are soil suitability maps available in the Town office. If anyone is interested in a development of any kind here in Bethuel these maps should be of interest. They show the best locations for ponds, camp sites, lagoons, building sites, almost anything that could possibly want to be done there is a map for it.

The selectmen revised the fees for building permits at the Monday night meeting. From now on there will be no charge for minor repair or removal of old buildings. For major alterations the charge for a permit will be \$1.50. This amount will be about what it will cost the town to publish the permit in the paper. Minor repairs and removal of small buildings permits will not be published. The Zoning Ordinances require a permit for any alteration or removal of building but allows the selectmen to revise the fees.

Do we really want peace?

We talk about it, plan for it, and hope it will come into our lives.

But, are we willing to work for peace in our own hearts — where real peace must be won?

Christian Science teaches that a healing, satisfying peace can be found if we are willing to find for ourselves the spiritual peace that comes from God.

Hear a public lecture called "Peace is Individual" by ROY J. LINNIG, C.S., an experienced Christian Science practitioner.

Admission is free, everyone is welcome.

The special mission field for this quarter in all Seventh-day Adventists Sabbath Schools is what is known as the Northern European Division.

This includes, The Greenland Mission; Ireland, Sweden, Finland and the British Union Conference; The Polish and Netherlands Conferences; and the Ethiopian and West African Union Missions.

The South Woodstock Sabbath School joins sister churches with their offerings to provide a classroom building for their Junior College in Sweden; a young men's dormitory for the "Adventist College" in Ethiopia, and for mission headquarters and Evangelistic Center for Togo, West Africa.

Believing that Christ's statement, "Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto Me," applies literally. Adventists are very liberal in their giving and work hard to reach their mission goals each quarter.

National Book Week—a surprise for children!

Starting this week, we will have storytime for children each Friday at 3 p. m. with Mrs. Bradley Benson. Mrs. Benson is volunteering her time because so many children responded to story time during National Children's Week.

This week, we at the Library received a lovely surprise. Ruth Boynton gave the library a children's book about two children in Vietnam, which truly impresses us with the needs of those children. The surprise is that it is beautifully illustrated by Ruth Boynton.

"Than Hoa of Vietnam", by Leone Neal Osborne. Equally interesting for both children and adults.
